

Enterprise Access Policy: Vendor and Contractor Governance Policy ID: SEC-VND-088 | Effective Date: June 1, 2024

1. Scope: Applies to all non-employees, including contractors, temporary workers, and third-party vendor accounts. These accounts are identified by an employee ID starting with the prefix "VND-" or "CTR-".

2. General Access Limits:

- Non-employees are granted a maximum access lifecycle of 180 days. Any access extending beyond this requires a formalized risk acceptance sign-off.
- Contractors and Vendors are strictly prohibited from holding any roles classified with a "HIGH" risk level in the IAM Roles Catalog.

3. Dormancy Rules for Non-Employees:

- Unlike full-time employees, contractor and vendor accounts are subject to an accelerated dormancy policy.
- Any access role assigned to a non-employee that goes unused for 14 consecutive days must be automatically disabled.
